FABRIC OPTIONS

Sunbrella fabric offers excellent fade and weather resistance. The fabric is water repellent, yet is also soft and easy to work with. A wide selection of colors and patterns are available to choose from.

Trademark: Sunbrella® is a registered trademark of Glen Raven, Inc.

The **Sundown** awning fabric collection provides incomparable natural protection from the heat and the sun. This collection is vibrant, intense and filled with coolness and luminosity. Sundown fabric protects the whole family, providing genuine protection from glare and heat, while adding color and style wherever you choose to use it.

Covin Sales and Converting is the exclusive U.S. distributor of Sundown-100% solution dyed acrylics. Our Sundown fabric is manufactured in Spain by [Sauleda](#). Sundown is mainly used for awnings, boat covers, patio umbrellas, and other outdoor applications where you need a product that will withstand the sun's rays for a long period of time.

SATTLER'S business unit SUN-TEX has developed to become one of the global leaders in the field. With our state-of-the-art machinery we produce, among others, shading fabrics, sunscreen fabrics for residential buildings and commercial constructions, boat cover fabrics and weather-resistant fabrics for garden furniture.
